LOOP-LOC
THE ONE. THE ONLY.

SAFETY SWIMMING POOL COVERS

Protect your family with the only mesh pool cover that passed the elephant test.

BEFORE

This solid waterbag cover is a slimy, unsafe mess after just a few rains.

AFTER

A LOOP-LOC safety swimming pool cover stays beautifully dry and safe in any weather.

SAFETY
SO UNIQUE IT'S
PATENTED

LOOP-LOC® puts an unbreakable “lock” on your pool to protect your family. And only LOOP-LOC is available with the patented **CABLE-LOC™** and **GAPGUARD®** Child Safety Intrusion Barriers. They close the dangerous gaps created where raised obstructions meet the cover's edge, so there's no way a child or pet can slip through.

DESIGNED
TO FIT YOUR
POOL
AND YOUR
STYLE

LOOP-LOC's exclusive Computer Aided Design **ensures a perfect, custom fit for any shape or size pool:** from a simple square to the most complex installation, LOOP-LOC can manufacture a custom cover with the perfect fit for any pool or spa.

CLEAN &
BEAUTIFUL
YEAR
ROUND

LOOP-LOC always stays tight, clean and beautiful on your pool – unlike a saggy, unsightly waterbag cover that becomes a dangerous, slippery swamp after just a few rains. LOOP-LOC's super dense mesh allows rain to drain through. The cover stays dry and beautiful in any weather!

NO MORE
MAINTENANCE

Unlike solid waterbag covers, a **LOOP-LOC requires no pumping, scrubbing or heavy maintenance.** Plus, it's easy to install and remove with LOOP-LOC's unique anchoring system.

Super Dense Mesh

Blocks virtually all sunlight, but lets rain and melting snow easily drain through.

Unique Anchors

Offers ultimate protection and fit flush with the deck.

Choice of black, gray, green, tan or blue to complement your outdoor decor.

Protect your family with the only mesh pool cover that passed the elephant test.

You'll probably never need a pool cover safe and strong enough to support the weight of "Bubbles," the African elephant seen on the cover. But imagine how safe you'll feel owning the only pool cover that's proven it can: the LOOP-LOC® Safety Swimming Pool Cover.

There's Only One LOOP-LOC.

HERE ARE 15 REASONS WHY.

1. A LOOP-LOC cover is the only safety cover to be awarded UL certification year after year.
2. Mesh construction lets rain and melting snow drain right through.
3. LOOP-LOC is so durable, it's backed by a 15-year prorated warranty and so safe, it may reduce your liability insurance.
4. LOOP-LOC is so lightweight, putting it on and taking it off your pool is a snap.
5. LOOP-LOC blends beautifully into any backyard, with your choice of standard Spring Green or four optional designer colors.
6. LOOP-LOC's patented CABLE-LOC™ and GAPGUARD® Child Safety Intrusion Barriers close the gap created when a pool includes raised obstructions located at the cover's edge.
7. The polyester bonded thread used in LOOP-LOC covers costs almost 10 times more than that used by some of our competitors.
8. Double perimeter webbing and double-thick straps give our covers an incredibly high break strength.
9. We use extremely high-strength, non-corrosive 302 grade stainless steel springs for superior weight-bearing capacity.
10. Unique brass anchors recess flush with the deck when the cover is removed.
11. We sew the webbing to the cover using contrasting white thread, instead of black, to ensure that not a single stitch is missed.
12. We use 87% black yarn in our fabric for superior UV stability.
13. Chafe strips are manufactured with exclusively virgin material – not “regrind,” which tends to stain decking.
14. Non-corrosive aluminum tips are double-notched for stability.
15. The large X-tacking on LOOP-LOC straps is sewn manually for precise placement and maximum strength.
